## Alchemy Lore:

Again PBM and character specific, it will mean learning specific potions not generic, unless they opt for an alchemist character.

It takes 1 hour for 1 dose of a rank 1 potion. 2 people half the time etc.

Seven environments and the user chooses 1 with which they can make potions, cold, desert, temperate, urban, marine, tropical, underground.

**Rank1** – Allows user to make rank1 potions. User still has to know the ingredients to make them. 1 dose per ingredients, takes standard period of time to work. Can make a potion with ingredients from one environment they are in. Each environment requires a rank 1 before they can advance in that environment rank. Refer to potion list for Rank 1 potions

**Rank2** – Allows users to make rank 2 potions. User still has to know the ingredients to make them. Refer to Potion list for Rank 2 potions.

**Rank3** – Allows user to make rank3 potions. User still has to know the ingredients to make them. Refer to potion list for Rank 3 potions

**CLASS:** Everybody but fighter

**Rank 3:** This covers up to spells of 6<sup>th</sup> level, and high level magic crafting knowledge.

Open to all classes

## Armourer (Armour Smith):

This will allow armour manufacture; however it may require a forge for the type of armour etc. For magical Armour a high level Divine magic will be required to transfer the magic into the material.

*Armour types:*

**Rank 1- Light:** Soft Leather, Furs

**Rank 2- Medium:** Ring Mail, Studded Leather, Hardened Leather

**Rank 3- Heavy:** Chain, Courboille, Scale mail

**Rank 4- Very Heavy:** Plate Mail

**Rank 5- Magic:** This can be any armour type but repair parts will need to be magically imbued.

**CLASS:** Fighter classes only

## Armour Repair:

Allows the user to repair armour of a certain type, each armour type is required to be able to gain the rank. For example if you have Rank 2 in medium armour you need to gain Rank 1 for light before you can repair light. Magical armour may need to be repaired using a high level mage of Water as well as the armour repairer to transfer the magic into the armour repair.

*Armour types:*

**Light:** Soft Leather, Furs {1 point}

**Medium:** Ring Mail, Studded Leather, Hardened Leather {2 point}

**Heavy:** Chain, Courboille, Scale mail {3 points}

# Skill List

---

**Very Heavy:** Plate Mail (Plate: This can be field repaired with a small hammer and pieces of leather for straps etc (Stone can be used as Anvil) Forge work required after 48 hours to make good or armour is non functional, i.e. too painful to wear from dents.) {4 Points }

**Magic:** This can be any armour type but repair parts will need to be magically imbued, this may be tools or the fabric to repair the armour. For example a +1 armour needs have a level 1 energy transfer from a arcane water mage, +2 would need a level 2 etc .

**Rank 3:** **a)** Plays to group, group is immune to fear and Liesses roar while song is in progress; **b)** If playing to a willing audience they are forced to tip (20 Tarks max unless they have no other money)

## **Bind wounds:**

Fairly generic, If they have some training in it then they can stop the flow of blood for a short while, basically stopping them going below zero and dying. This will give the wounded person about another 15 to 30 mins.

**Rank1** – Allows user to stop the blood flow to prolong grace period by 15 minutes

**Rank2** – Allows user to stop the blood flow can stop grace period indefinitely. This means revisiting every 15 mins to redress and examine.

**Rank3** –Allows user to stop the blood flow (As in Rank 2) can be used to **slow** effects of illnesses, some poisons, diseases etc.

# Skill List

---

**CLASS:** Open to anyone

## Body Development:

This is only transferable from LT system so they are the lucky ones and have 2 hp per loc. Training can be undertaken however per body part to increase 1 per loc to a max of 2 if they have 1hp, or 3 if you have 2 hp (Not available to LT body dev characters). Expected time for development is at least 6 months of continual training on that body part. (Head and Torso are grouped as one)

**CLASS:** Open to anyone

## Called Shot:

Allows person to use one attack, if successful they can stipulate where that attack struck. First attack only and you have to hit the target.

**Rank1** – Allows the use of this with ranged and thrown. Does normal damage

**Rank2** – Allows the user to strike in melee (close) combat. Does normal damage

**Rank3** – Allows the user to strike as normal and the attack also cuts tendons, ham string etc. Disabling the limb struck. To heal the extra damage, medium heal is required.

## Fast armour repair:

Takes time off the time taken from armour repair skill to at least rank 1. Can only be used in conjunction with armour repair skill for a particular armour type. For example they have leather armour repair at Rank 1, they can now learn fast armour repair and choose to advance in these ranks as opposed to armour repair or both. Will only last for 1 combat.

**Rank 1** – Can repair 1 point of damage per 5 minutes, only last one combat

**Rank 2** – Can repair 1 point of damage per 3 minutes, only last one combat, or 5 mins for 1 point and then lasts 2 combats

**Rank 3** – Can repair 1 point of damage in 2 mins, only lasts one combat, or 5 mins for 3 combats

**CLASS:** Fighter classes only, ranger limited to rank 1 only as above

## Herb Lore:

Herb usage is Environment specific and is Rank enabled like Potions. Refer to Potions, Poultice, Herb sheet for available rank Herbs. It requires a new rank 1 for each different environment. Herbs can be ingested or inhaled.

**Rank 1** – Allows user to utilise rank 1 herbs. User will need foraging skill to find the ingredients, but can buy them from other sources.

**Rank 2** – Allows user to utilise rank 2 herbs. User will need foraging skill to find the ingredients, but can buy them from other sources.

**Rank 3** – Allows user to make rank3 poultice. User still has to know the ingredients to make them. 2 doses per ingredients for rank 1 potions. 1 does per ingredients for rank2 and rank3 potions.

**CLASS:** Cleric, mage/shaman, ranger

## Foraging:

If the item is known to the person with the skill they can spend 10 mins in a suitable location finding the component. Time can be shared to have others helping them find stuff. Seven environments and the user chooses 1 with which they can make potions, cold, desert, temperate, urban, marine, tropical, underground. You have to have a rank in each particular environment you are foraging in.

**Rank 1** – 10 minutes in 1 location finds 1 ingredient, can only search in one environment for each rank.

# Skill List

---

**Rank 2** – 10 minutes in 1 location finds 2 ingredient, can only search in one environment for each rank.

**Rank 3** – 10 minutes in 1 location finds 3 ingredients, can only search in one environment for each rank.

**Rank 4** – 10 minutes in 1 location finds 4 ingredients, can only search in one environment for each rank.

Multiply by the number of people doing it. So 3 items would take 3 people ten minutes. or 1 person 30 minutes to find unless refs decide otherwise such as rare or very common items.

**CLASS:** Everybody.

## Hide:

Allows user to hide. Can be detected by smell or if creature has heat vision; a frost man for instance or those that use life force to see (Undead for example)

**Rank1** – Possible to hide in shadows on a dark day or in plenty of cover, if not moving

**Rank2** – Can hide in shadows on an overcast day, or hide when being overseen by a casual glance if not moving or moving slowly

**Rank3** – Can hide in little cover, or when being looked for, or on bright day if some cover is available. In certain circumstances can move slowly as well while covered.

**CLASS:** Rogue and Ranger

## Precise Strike:

Call “*Through*”: Bypasses armour, this is a precise attack, can only be a single (unless magical enhanced weapon used), and can only be done on a creature/person not in combat or has not made some significant movement, i.e. running, been in combat when studied and is now not in combat. The subject has to be studied first to make the attack.

**Rank1** – Takes 60 seconds

**Rank2** – Takes 50 seconds

**Rank3** – Takes 40 seconds

**Rank4** – Takes 30 seconds

**Rank5** – Takes 20 secs

**Rank 6** – Even if the victim moves a precise strike can be made after 10 secs of studying

**CLASS:** Rogue only

# Skill List

---

## Pick Lock:

Lock dependent. The lock is given a complexity level and the time taken to open it.

*Rank1 type; simple tumblers,*

*Rank2 type; complex multi tumbler secure locks,*

*Rank3 type; coded locks.*

*Rank 4 type; magical*

**Rank1** – Rank-1 3 mins Rank 1 locks only

**Rank2** – Rank-2 6mins; Rank-1

**Rank3** – Rank-3 9 mins; Rank-2 3 mins; Rank-1 1min

**Rank 4** –Rank 1 10 secs; Rank 2 90 secs; Rank 3, 5 mins. Magical but may need some other skills to do this

**CLASS:** Rogue and Bards only

## Poison Lore:

Ability to create poison from herbs or other substances, and knowledge of how to use them. Foraging would be needed to find the ingredients; alternatively they need to be bought from other sources. See potion sheet for list of poisons and ingredients plus rank levels.

**Rank 1** – Ability to make rank 1 poison.

**Rank 2** - Ability to make rank 1 and 2 poisons.

**Rank 3** - Ability to make rank 1, 2 and 3 poisons.

**CLASS:** Rogues and Bards only

## Poultice Lore:

Poultice making is Environment specific and is Rank enabled like Potions. Refer to Potions, Poultice and Herb sheet for available rank poultices. It requires a new rank 1 for each different environment.

**Rank1** – Allows user to make rank 1 poultice. User will need foraging skill to find the ingredients, but can buy them from other sources.

**Rank2** – Allows user to make rank 2 poultice. User will need foraging skill to find the ingredients, but can buy them from other sources.

## Skill List

---

**Rank3** – Allows user to make rank 3 poultice. User will need foraging skill to find the ingredients, but can buy them from other sources.

**CLASS:** Cleric, mage/shaman, ranger

### **Roll with Blow:**

Extra hit point in melee combat (Character rolls with the blow absorbing 1 hit/1 loc/combat), and spell effect as normal.

Rank1 – Only works with light armour type

Rank2 – Only works with light and medium armour type

Rank3 – Works with all armour types

**CLASS:** Fighter and Bard classes only

# Skill List

---

## Set Traps:

This will enable the character to make a specific level of trap. Phys reps will be needed to construct the trap and dependant on the trap will depend on the time it takes to set one. Consult a ref for time and possibility of a trap. (In game terms each trap will be marked with a trap card with a specific symbol, this will be given in your character development)

**Rank 1:** Basic animal traps for example snares, bear traps, pits, etc

**Rank 2:** Single action traps, can be magical or not

**Rank 3:** Magical traps multi action (Needs a Water mage to infuse the trap with the relevant magic/spell)

**CLASS:** Rouges/Ranger only

## Shield Repair

*Shield types:*

**Wood**

**Metal**

**Wood Metal Mix**

**Magic:** (These shields need to be repaired in conjunction with a Mekos Cleric using Mend)

**Rank 1:** This means you can repair the shield with more skill than the average person thus the time taken is only 15 mins from a normal weapon

**Rank 2:** Time taken for repair from a normal weapon is 10 mins

**Rank 3:** Magic shield can be repaired with Mekos Cleric

## Shield use Defensive:

(This is an ideal counter skill to called shot)

**Rank 1:** In combat it can be used once only if using a shield, can effectively block 1 location hit. For example an Orc strikes a leg for 1 however the defender can choose in that combat to ignore the hit saying it hit the shield. (Shield must be repaired after combat)

**Shield type:** Wooden, Metal, Mix.

If Shield Defence is used to stop any blow, 20 mins repair time is required from normal weapons; this means adjusting straps, small bashing of dents (A little hammer, rock can be used as anvil). Piecing weapon damage can have a temporary patch done but the shield will need a full repair after 48 hours.

# Skill List

---

If Shield defence is used against a magical weapon such as the Lava blade will need a forge; The work required for more powerful hits of quad and above will need planks replacing, or metal heated and repaired. If you do not do this repair in full but choose the lighter repair as stated above the shield will become useless after another combat.

Magic shields have to be hit with a magic weapon to require repair.

**Rank 2:** Can use it twice in a combat (Shield must be repaired after combat)

**Rank 3:** Can use 3 times in a combat (Shield must be repaired after combat)

In normal circumstances a Quad or above would make a shield useless once hit, however with the skill shield Defence you have a grace period for using the shield for the rest of that combat.

**CLASS:** Fighter and Cleric classes only

## Spear Strength category:

Must be wielded with 2 hands

**Rank 1** “Through” Soft leather only 5 combats in 24hrs? *Light*

**Rank 2** “Through” soft and hard leather only 5 combats in 24hrs *Medium*

**Rank 3** “Through” Soft and hard leather, ring mail or loose plate pieces only 5 combats in 24hrs *Heavy*

**Rank 4** “Through” Soft and hard leather, ring mail or loose plate pieces, chain only 5 combats in 24hrs *Very Heavy*

**Note Magical armour is not punctured by this skill**

**CLASS:** Fighter only

## Specialised Weapon Use:

This allows more damage to be done with training for a specific weapon. Prerequisites; must use the exact weapon they have trained in, can only be used on piercing melee weapons, does not stack with the strength skill. To move up the ranks to gain a different weapon you must sacrifice the weapon use at the lower rank when you move to another weapon.

**Rank 1:** +1 for 1 hit per combat; however the weapon must be sharpened after each combat.  
Weapon Type: Knife

**Rank 2:** +1 for 2 hits per combat; however the weapon must be sharpened after each combat.  
Weapon Type: Knife

# Skill List

---

**Rank 2a:** +1 for 1 hit per combat; however the weapon must be sharpened after each combat.

Weapon Type: Short Sword

**Rank 3:** +1 for 3 hits per combat; however the weapon must be sharpened after each combat. Weapon Type: Knife

**Rank 3a:** +1 for 2 hit per combat; however the weapon must be sharpened after each combat.

Weapon Type: Short Sword

**Rank 3b:** +1 for 1 hit per combat; however the weapon must be sharpened after each combat.

Weapon Type: Long sword

**Rank 4:** +1 for 4 hits per combat; however the weapon must be sharpened after each combat.

Weapon Type: Knife

**Rank 4a:** +1 for 3 hit per combat; however the weapon must be sharpened after each combat. Weapon Type: Short Sword

**Rank 4b:** +1 for 2 hit per combat; however the weapon must be sharpened after each combat.

Weapon Type: Long sword

**Rank 4c:** +1 for 1 hit per combat; however the weapon must be sharpened after each combat.

Weapon Type: Spear

**CLASS:** Open to all classes but Mage/Cleric/Shaman

## Strength (2 Handed):

Must be double handed weapon (All except spear)

**Rank 1:** +1 for a combat, however roleplay exhaustion for 20 mins after this combat, failure will mean they cannot use their weapon strength for the next combat, and even struggle to wield it.

**Rank 2:** Can use a two handed weapon with a +1 ability but in one hand and suffer effects as rank 1, or can use in two hands with no after effects

**Rank 2R:** Race special; additional +1 For dwarves, Frostmen, Half orcs (No penalty for rank 1, Penalties as above for using additional +1) Affectively this gives warrior cultures double as standard, and triple subject to penalty.

**Rank 3:** Knockdown once per combat for a total of 5 combats in 12hrs? Bludgeoning weapons only (as said above)

**Rank 4:** Shield shatter once per combat for a total of 5 combats in 12 hours, (Each of these takes 2 off the Knockdown) Knockdown total of 10 combats in 12 hours

# Skill List

---

**CLASS:** Fighter only

# Skill List

---

## **Strength feat for 1 handed weapons only:**

If this skill is been used it must be role played that you are using strength to sweep the opponents weapon from them. You have a 2 count after using before you can then attack.

**Rank 1:** Disarm once per 5 combats, standard strength creatures with single handed weapon

**Rank 2:** Disarm once per 5 combats, standard strength creatures with double handed weapon

**Rank 3:** Disarm once per 5 combats, +1 strength creatures with single handed weapon

**CLASS:** Fighter class's only

## **Track:**

Totally ref run, over some time period the user searches for tracks. His rank works for the pieces of information below. Should we not have it structured so it says Rank 1 is there are tracks, 2 discern how many, 3 discern how old, 4 locate information from tracks as to a specific creature or how heavy they were, when they passed etc Tracking all comes down to when it happened and what the substrate is, and plot. The ranks below are for player knowledge, each rank allows them to track on more difficult terrain The italic ranks are for more in depth info for PBM.

**Rank 1:** Track on soft substrate, i.e. follow

**Rank 2:** Dried ground grass etc to follow

**Rank 3:** Rock, pathways etc.

*Rank1 – Can find 2 of the 5 (cannot be told the unique information)*

*Rank2 – Can find 4 of the 6 (including the unique information)*

*Rank3 – Can find 5 of the 6 (including the unique information)*

*1 – Type of creature*

*2 – Number of creature*

*3 – Time since tracks were created*

*4 – Multiple type of creature in a given area*

*5 – Can track the tracks to another area (where the study time has to be done again.)*

*6 – Can gain other piece of unique information (target was bleeding, carrying something, or unique information such as it was trying to cover tracks, or there was a fight, who won etc.)*

**CLASS:** Ranger, Rogue only

# Skill List

---

## **Hide Tracks: Prerequisite; must have Track skill**

Totally ref run, over some time period the user can try and hide tracks. His rank works in their ability to hide tracks successfully, or merely to confuse.

**Rank 1:** Can cover their own tracks but only for a Rank 1 tracker on hard ground only

**Rank 2:** Can cover their own tracks but only for a Rank 2 tracker on hard ground only. Or cover/misdirect for rank 1 tracker dried grass type areas

**Rank 3:** Can cover their own tracks but only for a Rank 3 tracker on hard ground only. Or cover/misdirect for rank 2 tracker dried grass type areas Rock, pathways etc. They can cover on Hard Ground for Rank 1 tracker a small group.

**Rank 4:** Can misdirect their own tracks but only for a Rank 1 tracker on soft substrate. Or can cover cover/misdirect for rank 3 tracker dried grass type areas Rock, pathways etc. They can cover on Hard Ground for Rank 2 tracker a small group.

**CLASS:** Ranger, Rogue only

## **Weapon smith:**

This will allow weapon mending and manufacture; however it will require a forge etc. For magical weapons a high level Divine magic will be required to transfer the magic into the metal, and again this will dissipate with time.

**Rank 1** – small, dagger, thrown, buckler

**Rank 2** – medium, single headed axe, one handed weapons, medium shield

**Rank 3** – large, two handed, pole arm, two headed axe, tower shield

**Rank 4** – Magically imbued weapon

**CLASS:** Fighter classes only
